volunteered for the Spanish-After the reorganization of the Virginia military he gradually rose to the rank of major and several times refused further promotion. At the beginning of the war with Germany, Major Martin, then with the First Virginia, having been connected with the Virginia National Cuard rifle team, was ordered to Fort Sill for small arms training. Later, at Camp McClellan, he organized the One hundred and Twelfth Machine Gun Battalion, and at his request was returned to the first battalion of the One hundred and Sixteenth Infantry.

With that battalion a weak heart developed, and was reappointed Federal court clerk. His wife, formerly Miss Jessie Thomas, of Blacksburg, survives 1979.

SENATE SUSTAINS HOUSE IN SHORTENING DAYTIME

Repeal of Law One of Few Instances Where Acts Were Passed Over President's Veto.

WASHINGTON, August 20 .- Repeal WASHINGTON. August 20.—Repeal of the daylight savings act was accomplished today, the Senate voting to sustain the House in passing the repeal measure over President Wilson's veto. The vote was 57 to 19.

The repeal of the law which now takes its place among the very few which have been passed over a presidential veto becomes effective after the clocks are turned back to normal in October. It will go down in legislative history as one of the very few measures which have twice been vetoed by a President and became a law after all by the vote of more than two-thirds in both Houses of Congress.

Making Tax Assessments.

LYNCHBURG. August 29.—The assessment of municipal taxes for the present year, just completed by Commissioner Taylor, show an increase of \$19,601.20 over the 1918 assessment, despite an anticipated shrinkage because of expected losses on intangibles. The total tax is \$487,381.35 for the year. Capitations show a decrease of twenty-two, although the whites increased sixty-six. The shrinkage in negroes is due to their leaving the city. Since that many soldiers have returned who have not been assessed for the year.

Enforcing Dry Law.

NEW YORK, August 20.—Holding that the war emergency vill exists. Federal Judge (Augustus N. Hand, in an opinion handed down today, refused to grant a temporary order sought by Scatens, Lawson & Perelly, owners of vineyards in California, with a place of business in this city, to restrain Prederal authorities here from enforcing provisions of the war-time probabilition act.

In asking for the order, the wine manufacturers alleged that the law was unconstituational for the reason that no war emergency owe exists. In his decision, Judge Hand said:

"It is plain from the terms of the act that among its objects is the regulation of the liquor traffic during the period of demobilization. That is a critical period, more critical in some respects than that of actual hostilities."

Southern Housewives Demand

Town Talk Flour

Because the South loves good baking, Town Talk Flour is preferred by thousands of Southern housewives.

There is a weighty reason for this preference. Not every flour will bake the delightful cakes, biscuits and pastries so justly famous in the South. It takes a flour that is truly white to do this, for a white flour contains the real whiteness of the wheat berry. It is because Town Talk is white-because it contains only the white inside of the wheat grain-that it makes such wonderful baking.

If you prefer a self-rising flour, we can offer you Town Talk in the self-rising form. The trade name is Skylark. In many parts of the South where a self-rising flour is in demand, Skylark is the choice of the very best cooks.

Buy Town Talk Flour at your grocer's today. If you want the self-rising form ask for Skylark.
